Circular No:- 2012/25

Provincial Secretary of Education,  
Provincial Director of Education,  
Zonal Directors of Education,  
All School Principals,

### Utilization of Computer Resource Centers

The main purpose of establishing computer resource centers at school, Zonal and provincial level is to conduct computer courses for school children, school leavers, school community and various institutions according to their requirements, by the teachers/instructors of the respective resource centers.

Therefore, it is informed that the computer resource centers must not be given or rented out to public/private institutions to conduct courses according to their own aims and objectives by outside people without involving the resource center staff, using only the physical resources and the premises of these computer resource centers. And the similar activities of this nature must not be carried out in these centers.

It is further kindly informed that when the training courses are conducted for the students, teachers and officers in the education system, priority should be given to these resource centers wherever possible and the training needs should be fulfilled accordingly.
